CONSERVATIVE FOR VIRGINIA!

I served on active military duty in the Hampton Roads and have been a resident of northern Virginia for over 20 years. This includes graduate alum of George Mason University. As a father of three young boys, the schools, economy, and safety attracted my family to Fairfax County.

Not just in the county, the divide in America has gone on long enough, which aims to influence the next generation - children in our schools.

In Fairfax County, I am a proven leader as past Vice President for the local PTA, and a member and past sponsor of the Northern Virginia Technology Council.

Many have also seen my drive for action like the founding of the Virginia Freedom Leader Coalition PAC that has raised close to \$13,000 since its foundation in 2022. This PAC is currently managing the "Oust Frisch from School Board" petition drive at: www.virginiafreedomleader.org

Thank you for your considered vote as Presidential Elector! - jeff

WHY I'M RUNNING...

#SaveTheElectoralCollege. Since Clinton-Kaine lost in 2016, the Democrats have called to abolish the Electoral College, which would remove the vote of hundreds of thousands.

- **As Presidential Elector and historian, I will ensure the tradition and practice of the Electoral College is preserved** – carry the Fairfax County voice to Richmond to cast votes for a Republican Presidential Administration in 2024!

Vision. Strategy. Change. Your vote for Elector will allow me to share vision and build on strategy to re-organize the Fairfax GOP. The next FCRC Chair needs to speak loudly and represent core conservative values and issues. Changes include re-structure of Executive Committee like addition of Vice Chair for Strategy and Operations, candidate recruitment and training, fundraising, volunteer and new member growth, and voter contact/data tools.
